EXCEL - hydrocortisone salve
United Pet Group

0.5% Hydrocortisone Base, U.S.P.

- Provides soothing relief from itching caused by inflammation, seborrheic dermatitis, insect bites and other minor skin irritations
- For use on dogs and cats
- For animal use only
- Not for use on animals intended for consumption
- Clinical and experimental data have demonstrated that corticosteroids administered orally or by injection to animals may induce the first stage of parturition if used during the last trimester of pregnancy and may precipitate premature parturition followed by dystocia, fetal death, retained placenta, and metritis. Additionally, corticosteroids administered to dogs, rabbits and rodents during pregnancy have resulted in cleft palate in offspring. Corticosteroids administered to dogs during pregnancy have also resulted in other congenital anomalies, including deformed forelegs, phocomelia, and anasarca.
- Do not use in the eyes or nose
- Not for prolonged use
- Do not apply to large areas of the body
- Do not use where infection (pus) is present, since the drug may allow infection to be spread
- If redness, irritation, or swelling persists or increases, discontinue use and consult your vetrinarian
- Apply salve directly to affected skin areas
- Do not use more than 3-4 times daily

Aloe Vera Gel, Cetearyl Alcohol, Citric Acid, Diazolidinyl Urea, Glycerin, Glyceryl Monostearate, Isopropyl Myristate, Methylparaben, Propylparaben, Polysorbate 20, Sodium Cetearyl Sulfate, Sodium Lauryl Sulfate, Water.
