Use(s)
For the treatment of acne

Warnings
For external use only

Do not use

Ask a doctor before use if you have

Ask a doctor or pharmacist before use if you are

When using this product
- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

Stop use and ask a doctor if

If pregnant or breast-feeding

Keep out of reach of children
If swallowed, get medical help or contact a Poison Control Center right away.
FLAMMABLE. AVOID FIRE, FLAME, OR SMOKING DURING AND IMMEDIATELY FOLLOWING APPLICATION.

Directions
- Clean the area thoroughly before applying this product.
- **Shake can before use.**
- Invert can and then press firmly to dispense a small amount of foam (not more than a dollop the size of a golf ball).
- Using fingers, cover the entire affected area with a thin layer 1 to 3 times daily.
- Allow to dry.
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Sensitivity Test for a New User: Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated above.
