

COLD-EEZE- zinc gluconate lozenge

ProPhase Labs, Inc.

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Cold-EEZE®

Zinc Gluconate Glycine

COLD REMEDY

Drug Facts

Active ingredient (per lozenge)

Zincum Gluconicum 2x (13.3mg)

Purpose

Cold Remedy

Uses

- to reduce the duration of the common cold
- reduces the severity of cold symptoms: cough, sore throat, stuffy nose, sneezing, post nasal drip and/or hoarseness

Warnings

Ask a doctor before use if you

- are taking minocycline, doxycycline, tetracycline or are on coumadin therapy, zinc treatment may inhibit the absorption of these medicines

Stop use and ask your healthcare practitioner if symptoms persist beyond 7 days.

COLD-EEZE® Lozenges are formulated to reduce the duration of common cold symptoms and may be insufficient treatment for Influenza or Allergies.

Diabetic Warning: sugar replacements may affect blood sugar levels.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

Directions

- adults and children 12 years and over
- for best results, begin treatment at start of symptoms (within 24-48 hours of onset)
- repeat every 2 - 4 hours as needed until all symptoms subside
- completely dissolve a COLD-EEZE® lozenge in mouth (do not chew)
- recommended daily dosage is 6 lozenges for adults and 4 lozenges for ages 12-17
- children under 12 years of age should consult a health professional prior to use

Other information

- avoid minor stomach upset - Do not dissolve COLD-EEZE® lozenges on an empty stomach

- avoid citrus fruits or juices and products containing citric acid 1/2 hour before or after taking COLD-EEZE® lozenges as they may diminish product effectiveness, otherwise, drink plenty of fluids
- store in a cool dry place after opening
- gluten-free
- product may produce a laxative effect

Inactive ingredients

Acesulfame-K, glycine, Isomalt, natural flavors. No artificial colors or preservatives.

#1 Pharmacist Recommended
Start Taking Cold-EEZE®
at the First Sign of a Cold and
Get Well Sooner!

Clinical Studies have shown: The Cold-EEZE® proprietary formula reduces the duration and severity of colds by nearly half, 3 to 4 days.

The independent double blind placebo controlled studies were conducted at the Cleveland Clinic and Dartmouth College and published in peer reviewed journals.

Cold-EEZE® is safe to take with most other medications. (see warnings)

Does Not Cause Drowsiness
 Does Not Cause Light Headedness
 Does Not Affect Blood Pressure
