

**CARING MILL ACNE TREATMENT- benzoyl peroxide cream
FSA Store Inc.**

Caring mill Acne Treatment

Drug Facts

Active Ingredient

Benzoyl Peroxide 10%

Purpose

Acne medication

Use

For the management of acne.

Warnings

For external use only.

When using this product

- Skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time
- Avoid unnecessary sun exposure and use sunscreen
- Avoid contact with the eyes, lips, and mouth. If contact occurs, flush thoroughly with water.
- Avoid contact with hair and dyed products, which may be bleached by this product
- Skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.

Do not use if you

- have very sensitive skin
- are sensitive to benzoyl peroxide.

Stop use and ask a doctor if

- irritation becomes severe.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Clean the skin thoroughly before applying this product
- Cover the entire affected area with a thin layer one to three times daily
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day
- If going outside, apply sunscreen after using this product. If irritation or sensitivity develops, stop use of both products and ask a doctor.

Other information

Protect from excessive heat (104°F/40°C).

Inactive ingredients

Water, Polyacrylate Crosspolymer-11, Laureth-4, Hydroxypropyl Methylcellulose, Silica, Methicone, Sodium Hydroxide, Disodium EDTA.

Package Labeling:

Acne Treatment with 10% Benzoyl Peroxide

MAXIMUM STRENGTH

caring mill™
