Neti Mist™ Sinus Spray was designed to naturally assist and facilitate easier & clearer breathing & may be effective for seasonal sinus support. This product can be used prior to nasal irrigation with the Neti Pot in order to deeply flush out the sinus passages.

Keep out of reach of children. If pregnant or breastfeeding, consult with a qualified health care professional before using.

**Directions for use:**  
*(Suitable for adults & children 6 and older with proper adult supervision)*

- For best results, use prior to nasal irrigation with the Neti Pot
- Shake well, remove cap and safety clip
- Hold with thumb at the bottom of bottle and nozzle between fingers
- Prime pump prior to initial use by depressing several times
- Insert the tip of the nozzle just past the nasal opening (1/8" - 1/4")
- Pump once inside of each nostril and gently sniff back thoroughly for best results
- Wait at least 30 seconds or longer before blowing nose
- Use as needed every 2-4 hours and on occasions when in crowded public environments such as schools, public transportation (airplanes & buses)
- May be used safely for longer periods of time for optimal results
