**Warnings**

**Liver warning:** this product contains acetaminophen. Severe liver damage may occur if you take - more than 6 packets in 24 hours - with other drugs containing acetaminophen - 3 or more alcoholic drinks every day while using this product

**Sore throat warning:** If sore throat is severe, persists for more than 2 days, is accompanied or followed by fever, headache, rash, nausea, or vomiting consult a doctor promptly.

**Do not use**

- with any other drug containing acetaminophen (prescription and non prescription). Ask a doctor or pharmacist before using with other drugs if you are not sure.
- with any other product containing diphenhydramine, even one used on the skin
- If you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric, or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains a MAOI, ask a doctor or pharmacist before taking this product.

**Ask a doctor before us if you have**

- liver disease
- heart disease
- high blood pressure
- thyroid disease
- diabetes
- glaucoma
- trouble urinating due to an enlarged prostate gland
- a breathing problem such as emphysema, asthma, or chronic bronchitis

- cough that occurs with too much phlegm (mucus)
- cough that lasts or is chronic such as occurs with smoking, asthma or emphysema.

**Ask a doctor or pharmacist before use if you are**

- taking sedatives or tranquilizers.
- Taking the blood thinning drug warfarin

**When using this product**

- do not exceed recommended dosage
- avoid alcoholic drinks - marked drowsiness may occur
- alcohol, sedatives and tranquilizers may increase drowsiness
- be careful when driving a motor vehicle or operating machinery
- excitability may occur, especially in children.

**Stop use and ask a doctor if**

- nervousness, dizziness, or sleeplessness occurs
- fever gets worse or lasts more than 3 days - redness or swelling is present
- new symptoms occur - symptoms do not get better or worsen
- pain, cough or nasal congestion gets worse or lasts more than 7 days
- cough comes back or occurs with fever, rash or headache that lasts. These could be signs of a serious condition.

**If pregnant or breast-feeding,** ask a health care professional before use.

**Keep out of reach of children.**

In case of overdose, get medical help or contact a Poison Control Center right away. Prompt medical attention is critical for adults as well as for children even if you do not notice any signs or symptoms.

**Directions**

**- do not use more than directed**

- take every 4 hours; not to exceed 6 packets in 24 hours or as directed by a doctor.
- adults and children 12 years of age and over: dissolve contents of one packet into 8 oz. hot water; sip while hot. Consume entire drink within 10-15 minutes.
- children under 12 years of age: consult a doctor
- If using a microwave, add contents of one packet to 8 oz. of cool water; stir briskly before and after heating. Do not overheat.

**Other information**

- each packet contains: potassium 7 mg,  
sodium 46 mg
- phenylketonurics: contains phenylalanine  
13 mg per packet
- store at controlled room temperature  
20-25C (68-77F). Protect from  
excessive heat and moisture.
