**Regency Post-Milking Teat Dip**

**ACTIVE INGREDIENTS:**

<b>Active Ingredients</b>	<b>Purpose</b>
PHENOL (1.56% w/v)	Disinfectant
PHENOLATE SODIUM (0.06% w/v)	Disinfectant

**PURPOSE:**

<b>Active Ingredients</b>	<b>Purpose</b>
Phenol (1.56% w/v)	Disinfectant
Phenolate Sodium (0.06% w/v)	Disinfectant

**Keep Out of Reach of Children**

***☐ If swallowed, get medical help or contact Poison Control Center right away.***

**USES:**

**FOR ANIMAL USE ONLY**

Aids in controlling mastitis organisms with a softening effect on teats.

**Directions for Use:**

Before milking, wash udder and teats with damp cloth. Immediately after milking, dip each teat 1 to 2 inches into REGENCY Teat Dip.

Allow each teat to air dry. Do not wipe.

During the winter months, keep cows inside until the teats have completely dried to prevent freezing and chapping.

When cow is being dried out, dip each teat in REGENCY 1X Post-Milking Teat Dip once a day for 3 to 4 days after the last milking.

**CAUTION:**

***Avoid eye contact. Do not inhale fumes. For external use only.***

**FIRST AID:**

**For Ingestion** - Immediately give castor oil or vegetable oil (15 -30cc). Get medical attention immediately.

Be ready to induce vomiting at the advice of a physician or poison control center.

**For Eyes** - Immediately flush eyes with water for at least 15 minutes. Wash affected skin with water.

**When Using this product:**

Do not Store in Direct Sunlight.

Avoid Excessive Heat.

**USER SAFETY WARNING:**

Do Not Allow Product To Freeze. If frozen, allow product to completely thaw in a warm room.

Shake and thoroughly mix product before using.

Rinse teat dip cup with water after each milking and invert to dry.

Never pour used teat dip into original container.

Keep cap on container when not in use.

**INACTIVE INGREDIENTS:**

Water, Glycerin, Linear Alkylbenzene Sulfonate, Sodium Borate, Fragrance, FD&C Blue # 1

Aids in controlling mastitis organisms with a softening effect on the teats.

**1.56% (w/v) Phenol with 0.06% (w/v) Sodium Phenate**  
Teat Dip Will Not Burn, Dry, Irritate Or Chap Teats. Contains a special blend of emollients and phenol.

NOTE: Store at room temperature away from direct sunlight.

**NET CONTENTS: 1 U.S. Gallon (3.785 L)**

**FOR ANIMAL USE ONLY  
KEEP OUT OF REACH OF CHILDREN  
DO NOT STORE IN DIRECT SUNLIGHT  
AVOID EXCESSIVE HEAT**

**FIRST AID:** For Ingestion - Immediately give castor oil or vegetable oil (15 - 30cc). Get medical attention immediately. Be ready to induce vomiting at the advice of a physician or poison control center. For Eyes - Immediately flush eyes with water for at least 15 minutes. Wash affected skin with water.

**CAUTION:** Avoid eye contact. For external use only.

**DIRECTIONS:** Before milking, wash udder and teats with damp cloth. Immediately after milking, dip each teat 1 to 2 inches into Regency 1X Post-Milking Teat Dip.

Allow each teat to air dry. Do not wipe. During the winter months, keep cows inside until the teats have completely dried to prevent freezing and chapping. If the solution in the dip cup becomes contaminated, discard and use fresh solution. Rinse teat dip cup with water after each milking and invert to dry. Never pour used teat dip into the original container. Keep cap on container when not in use.

When a cow is being dried out, dip each teat in Regency 1X Post-Milking Teat Dip once a day for 3 to 4 days after the last milking.

Do not allow product to freeze. If frozen, allow the product to completely thaw in a warm room. Shake and thoroughly mix product before using.

**INGREDIENTS:** Water, Glycerin, Phenol, LAS (Linear Alkylbenzene Sulfonate), Sodium Borate, Fragrance, FD&C Blue #1.
