Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away

- When applied to chest and throat, temporarily relieves cough due to minor throat and bronchial irritations associated with the common cold
- On muscles and joints, temporarily relieves minor aches and pains

For external use only. Avoid contact with eyes.

Do not use

- by mouth
- in nostrils
- on wounds or damaged skin
- with tight bandages

Ask a doctor before use if you have

- cough is accompanied by excessive phlegm (mucus)
- persistent or chronic cough such as occurs with smoking, asthma or emphysema

When using this product do not

- **heat**
- **microwave**
- **add to hot water or any container where heating water. May cause splattering and result in burns**

Stop use and ask a doctor if

- muscle aches/pain persist more than 7 days or clear up and occur again within a few days
- cough lasts more than 1 week, tends to recur, or is accompanied by fever, rash, or persistent headache. A persistent cough may be a sign of a serious condition.

If pregnant or breast feeding, ask a health professional before use

See important warnings under "When using this product"

- **Adults and children 2 years of age and older:**
- for cough suppressent:
- rub on throat and chest in thick layer
- cover with a warm, dry cloth if desired
- clothing should be loose about throat and chest to help vapors reach the nose and mouth
- use up to three times daily or as directed by doctor
- for minor ache and pains in muscle and joints:
- apply to affected area not more than 3 to 4 times daily
- **Children under 2 years of age:** do not use, consult a doctor
