

ENDIT ZINC OXIDE SKIN PROTECTANT- zinc oxide ointment
Endit Laboratories, Inc.

Endit! Zinc Oxide Skin Protectant

Active Ingredient:

Zinc Oxide 20.00%

Purpose:

Skin Protectant

Uses:

Helps treat and prevent rash associated with diaper use, incontinence, or exposure to feces and urine. Protects chafed skin due to diaper rash and helps seal out wetness.

Warnings:

For external use only.

do not get in eyes. **When using this product**

Stop use and ask doctor if

Condition worsens.

Symptoms last more than 7 days or clear up and occur again within a few days.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions:

- Change wet and soiled diapers promptly.
- Cleanse the diaper area (perineum, buttocks, lower abdomen, and inner thighs), and allow to dry.
- Apply liberally as often as necessary with each diaper change, especially at bedtime or anytime when exposure to soiled dapers (feces, and/or urine) may be prolonged.

Other Ingredients:

Boric Acid, Calamine, Cornstarch, Juniper Tar, Lanolin, Resorcinol, White Petrolatum

Package Labeling:

The best rash-ending ointment for over 50 years!

Thank you for your interest in our product, Endit! We feel that you will be pleased with its results. We take enormous pride in being able to give you this assurance.
