Acti	ve	ina	ıred	lient

Salicylic Acid 0.50%.....

Purpose

......Acne Treatment

Uses

- for the treatment of acne
- reduces the number of acne blemishes
- clears up most acne blemishes

Warnings

For external use only.

When using this product

- avoid contact with eyes. If product contacts eyes, rinse thoroughly with water. If irritation persists, seek medical attention.
- using other topical acne medications at the same time or immediately after this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor.

Sunburn Alert: Use only as directed. This product contains an alpha hydroxy acid that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Please limit sun exposure and apply a sunburn protectant while using this product and for a week afterwards.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- can be used in the morning and/or evening
- apply product to wet hands and rub well over entire face
- rinse well with water until all traces of cleanser are removed.
- if bothersome dryness, irritation or peeling occurs, reduce application to every other day

Inactive ingredients
