**Allergy warning:** Acetaminophen may cause severe skin reactions. Symptoms may include: • skin reddening • blisters • rash

If a skin reaction occurs, stop use and seek medical help right away.

**Liver warning:** This product contains acetaminophen. Severe liver damage may occur if you take • more than 8 caplets in 24 hours, which is the maximum daily amount • with other drugs containing acetaminophen • 3 or more alcoholic drinks every day while using this product

**Do not use** with any other drug containing acetaminophen (prescription or nonprescription). If you are not sure whether a drug contains acetaminophen, ask a doctor or pharmacist.

**Ask a doctor before use if you have** • liver disease • glaucoma • a breathing problem such as emphysema or chronic bronchitis • difficulty in urination due to enlargement of the prostate gland

**Ask a doctor or pharmacist before use if you are** • taking the blood thinning drug warfarin • taking sedatives or tranquilizers

**When using this product** • you may get drowsy, avoid alcoholic beverages • alcohol, sedatives and tranquilizers may increase drowsiness • use caution when driving or operating machinery • excitability may occur, especially in children

**Stop use and ask a doctor if**

- pain gets worse or lasts for more than 10 days
- fever gets worse or lasts for more than 3 days
- new symptoms occur
- redness or swelling is present

**If pregnant or breast-feeding**, ask a health professional before use.

**Keep out of reach of children.**

In case of overdose, get medical help or contact a Poison Control Center right away. Quick medical attention is critical for adults as well as for children even if you do not notice any signs or symptoms.

***Directions*****adults and children 12 years and over:**

- take 2 caplets with water every 6 hours as needed
- do not exceed 8 caplets in a 24 hour period or as directed by a doctor
- do not use more than directed (see warnings)

**children under 12 years:** ask a doctor
