* % Daily Values are based on a 2,000 calorie intake of adults and children 12 years and older. † Daily Value not established			
**Colony Forming Units (CFU) per gram at time of manufacturing			

Other Ingredients: FD&C Blue #1, Flaxseed Oil Powder, Hypromellose, Magnesium Stearate, Microcrystalline Cellulose and Titanium Dioxide.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

**DOSAGE AND ADMINISTRATION:** Adults (persons over 12 years of age), one (1) capsule daily, between meals, or as prescribed by a physician. Do not exceed recommended dosage. Do not administer to children under the age of 12. You should contact your healthcare provider for medical advice about adverse events. To report a serious adverse event, contact US Pharmaceutical Corporation, P.O. Box 360465, Decatur, GA 30036.

**PRECAUTIONS:** As with other nutritional supplements, consult a physician if you are taking medications, diabetic, are pregnant or nursing; keep out of the reach of children and pets.

**Folic Acid:** Folic Acid is one of the important hematopoietic agents necessary for proper regeneration of the blood-forming elements and their function. Additionally, folic acid increases jejunal glycolytic enzymes and is involved in the desaturation and hydroxylation of long-chain fatty acids in the brain. A deficiency in folic acid results in megaloblastic anemia.

**WARNING:** Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where Vitamin B<sub>12</sub> is deficient.

**PRECAUTIONS:** Folic acid in doses above 0.1 mg - 0.4 mg daily may obscure the signs and symptoms of pernicious anemia, in that hematological remission can occur while neurological manifestations remain progressive. The use of this product by immunocompromised patients or treatment of any disorder must be medically supervised by a physician.

**HOW SUPPLIED:** Restora Rx™ are light blue opaque Vcaps® capsules printed in white with “R207” on the cap and “US” Logo on the body. Packed in child resistant cap and light resistant bottle of 30 capsules (52747-0207-30). The listed product number is not a National Drug Code. Instead, US Pharmaceutical Corporation has assigned this product code formatted according to standard industry practice to meet the formatting requirements of pharmacy and healthcare insurance computer systems.

Store at room temperature 15° to 30°C (59° to 86°F) and dry place.

**CAUTION:** Rx only.
