#### **Natal PNV Tablets**

Dispensed by Prescription

#### Serving Size: 2 tablets

#### Servings per container: 30

Amount Per Serving (Pregnant	and Lactating Women) %DV
Vitamin C (as ascorbic acid)	130 mg
	108%
Vitamin D (as cholecalciferol)	15 mg (600 U)
	100%
Thiamin (as thiamin HCI)	1.4 mg
	100%
Riboflavin	1.6 mg
	100%
Vitamin B6 (as pyridoxol-5-phospha	ate) 2.5 mg
	125%
Folate	1667 mcg, 1 mg folic acid
	278% (as 800 mcg Quatrefolic® ((6S-5-
methyltetrafolic acid, glucosamine sa mcg of folic acid)	alt, molar equivalent to 432 mcg Folic Acid), and 568
Vitamin B12 (as methylcobalomin)	30 mcg
	1,071%
Calcium (from calcium carbonate)	200 mg
	15%
Iron (as ferrous gluconate)	12 mg
	44%
lodine (as potassium iodide)	150 mcg
	52%

**OTHER INGREDIENTS:** Microcrystalline Cellulose, Powdered Cellulose, Polyvinyl Alcohol, Polyethylene Glycol, Talc, Titanium Dioxide, Silicon Dioxide, Stearic Acid, Croscarmelose Sodium, Magnesium Stearate, Carmine, FD&C Blue #1, FD&C Blue #2

#### DESCRIPTION

Natal PNV Tablets is a prescription dietary supplement for use throughout pregnancy, during the postnatal period for both lactating and non-lactating mothers, and throughout the childbearing years. Natan PNV Tablets may be useful in improving the

nutritional status of women prior to conception.

## CONTRADINDICATIONS

Natal PNV Tablets are contraindicated in patients with a known hypersensitivity to any of the ingredients. Do not take this product if you are presently taking mineral oil, unless directed by a doctor.

#### WARNING

Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. KEEP THIS AND ALL DRUGS OUT OF THE REACH OF CHILDREN. In case of accidental overdose, call a doctor or poison control center immediately.

### **ADVERSE REACTIONS**

Allergic sensitization has been reported following both oral and parenteral administration of folic acid. You may report side effects by calling Carwin Pharmaceutical Associates at 1-844-700-5011 or the FDA by calling 1-800-FDA-1088.

### **DOSAGE AND ADMINISTRATION**

Usual adult dose is 2 tablets taken orally once daily, or as prescribed by a licensed medical practitioner.

#### **PRECAUTION:**

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B12 is deficient. Folic acid in doses above 0.1 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress. Natal PNV Tablets should only be used under the direction and supervision of a licensed medical practitioner.

#### SAFE HANDLING WARNING SECTION

Protect from heat, light and moisture. Tamper Evident: Do not use if seal is broken or missing.
