Prevention Mouth Sore Relief

Drug Facts

Active ingredient

Hydrogen peroxide 1.5%

Purpose

Oral debriding agent / Antiseptic

Uses

- first aid to help reduce the risk of infection in minor cuts and scrapes caused by
- dentures
- dental procedures
- orthodontic appliances
- accidental injury
- aids in the removal of phlegm, mucus or other secretions associated with occasional sore mouth
- for temporary use to cleanse canker sores, minor wounds and gum irritation

Warnings

Do not use for more than 7 days unless directed by a dentist or doctor

Stop use and ask a doctor if

- sore mouth symptoms do not improve within 7 days
- irritation, pain or redness persists or worsens
- swelling, rash or fever develops

Keep out of reach of children. If more than used for rinsing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 2 years of age and older: swish one capful (10 ml) around in mouth over affected area for at least one minute and then spit out
- use up to 4 times daily, after meals and at bedtime or as directed by a dentist or doctor
- children under 12 should be supervised in the use of product.
- children under 2 years of age: consult a dentist or doctor.

Other information

- keep away from heat or direct sunlight

- **Do not use if safety seal under cap is broken or missing**

Inactive ingredients De-ionized water, glycerin, poloxamer 407, sodium lauryl sulfate, disodium EDTA, Mentha piperita (peppermint) oil, sodium citrate, sodium saccharin, citric acid, zinc chloride, menthol
