Canine Aspirin

Product Facts

Active Ingredients per Chewable:

Aspirin 300 mg

Inactive Ingredients:

Microcrystalline Cellulose, Starch, Artificial Liver Flavor, Stearic Acid, Silicon Dioxide, FDandC Yellow 6, FDandC Blue 2.

Directions for Use:

Consult your veterinarian prior to administering this or any other drug to your dog. Individual results may vary.

BODY WEIGHT	DOSAGE
30-59 lbs	1 Tablet every 12 hours
60-120 lbs	2 Tablets every 12 hours

Only for use in adult dogs above 30 lbs.

Cautions:

Safe use in pregnant animals or animals intended for breeding has not been proven. Do not use in dogs that are sensitive to aspirin or dogs with concurrent gastrointestinal disease or ulcers, bleeding problems, and in those with liver or kidney impairment.

If lameness persists for more than three days, discontinue use and contact a veterinarian.

If vomiting, diarrhea, depression or loss of appetite or darkening of the stool occurs, stop administration and consult your veterinarian.

Do not give aspirin to dogs currently on anticoagulants or on medication to treat arthritis unless directed to do so by a veterinarian.

Warnings:

For dog use only. Not for use in cats.

This medication should be given within 30 minutes after the animal has ingested an amount of food equal to 1/3 or more of its normal daily amount.

Keep out of reach of children and animals.

In case of accidental overdose, contact a health professional immediately.

This product should not be given to puppies less than six (6) months old.

Do not use

if product appears to be tampered with or seal is broken. Store product in cool, dry place. Avoid temperatures above 86 degrees F.

Package Labeling:

NDC # 60754-032-11
