BELLA PELLE SPF 30 - octinoxate and zinc oxide lotion Shine & Pretty (USA), Corp.

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Belle Pelle SPF 30

Active Ingredients

Octinoxate, 7.5% (UVB sunscreen), Zinc oxide, 10.0% (UVA/UVB sunscreen)

Warnings

For external use only, not to be swallowed. Avoid contact with eye. Discontinue if signs of irritation or rash appear.

Purpose

For Sun protection for surfaces of skin, face, arm and hand. SPF-15 provides the face and body skin with effective protection against harmful UVA and UVB rays. Use daily over moisture cream to help prevent premature aging and wrinkling due to prolonged exposure to the sun, reapply after swimming or excessive exercise.

Paraben and PABA free. Fairly water resistant. Not tested on animals.

Made in the USA specifically for professional dermatology and esthetic practices.

Directions for Use

Home Care: Apply SPF 30 liberally to face and body at least ten minutes before sun exposure or two minutes before applying makeup. Reapply after swimming or excessive perspiration. As part of effective age-fighting program, apply every morning throughout the year. Because SPF 30 is a blend of UV absorbing and reflecting sunscreens, it may be applied over or under moisturizer.

Facial Procedure: SPF 30 is recommended as the finishing product at the end of the facial procedure for any skin type. It may be applied over finishing cream or moisturizer. It should not be rubbed in completely, but left on the skin until it becomes transparent.

Inactive Ingredients

Water, ethylhexyl palmitate, cyclomethicone, laurylmethicone, butylene glycol, tocopheryl acetate, sodium chloride, kukui (aleurites moluccana) seed oil (lipid-rich plant oil), green tea (camellia oleifera) seed extract, aloe vera (aloe barbadensis) leaf extract, tetrahexyldecyl ascorbate (time-released agefighting vitamin C), allantoin, sodium PCA (hydrating), disodium EDTA, ethylhexylglycerin, methylisothiazolinone, fragrance (synthetic citrus).
