DESCRIPTION

Prodigen is an orally administered prescription probiotic formulation for the clinical dietary management of suboptimal nutritional status in patients where advanced supplementation is required and nutritional supplementation in physiologically stressful conditions for maintenance of good health is needed.

Prodigen should be administered under the supervision of a licensed medical practitioner.

WARNINGS AND PRECAUTIONS

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

Prodigen should only be used under the direction and supervision of a licensed medical practitioner. Use with caution in patients that may have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications.

DOSAGE AND ADMINISTRATION

Usual adult dose is 1 capsule daily with or without food.

INDICATIONS AND USAGE

Prodigen is an orally administered prescription probiotic formulation for the clinical dietary management of suboptimal nutritional status in patients where advanced supplementation is required and nutritional supplementation in physiologically stressful conditions for maintenance of good health is needed.

HOW SUPPLIED:

Prodigen is supplied as clear capsules dispensed in HDPE plastic bottles of 30ct.
