Laboratoires Boiron

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Arnicare Procedure Recovery Kit

Active ingredient** (in each pellet)

Arnica montana 12C (0.443 mg)

The letters "HPUS" indicate that the component in this product is officially monographed in the Homeopathic Pharmacopoeia of the United States.

Purpose*

Relieves muscle pain & stiffness, swelling from injuries, discoloration from bruises

Uses*

temporarily relieves muscle pain and stiffness due to:

- minor injuries
- overexertion
- falls
- minor procedures

reduces symptoms of bruising such as:

- pain
- swelling
- discoloration

Stop use and ask a doctor if symptoms persist for more than 3 days or get worse, new symptoms occur, or redness or swelling is present. These could be signs of a serious condition.

If pregnant or breastfeeding, ask a health professional before use.

Keep out of reach of children. In case of accidental overdose, get medical help or contact a Poison Control Center right away.

Directions

Before procedure: Dissolve 5 pellets under the tongue 3 times a day for 2 days.

After procedure: Dissolve 5 pellets under the tongue 3 times a day until symptoms are relieved.

lactose, sucrose
