Sérum de potente efecto LIFTING y tensor a corto plazo y acumulativo en el tiempo. Mejora la firmeza del rostro y reduce el efecto oval o óvalo facial. Con DMAE encapsulado en fosfolípidos, antioxidante naturales y Ácido Hialurónico a diferentes pesos moleculares, actúa contra la pérdida de firmeza y mejorando la apariencia de arrugas y líneas de expresión. La piel se muestra más firme y elástica, con el contorno más definido.

Modo de empleo: Aplicar diariamente sobre cara, cuello y escote, mediante un ligero masaje hasta su total absorción. Como tratamiento intensivo, se recomienda aplicar la crema DMAE Lift Cream después de serum.

Serum with a powerful LIFTING and tightening effect that exerts a short-term and cumulative effect over time. Improves the firmness of the face and neck, reshaping the facial oval. With DMAE encapsulated in phospholipids, natural antioxidants and Hyaluronic Acid at different molecular weights, it acts against loss of firmness and improves the appearance of wrinkles and expression lines. The skin appears firmer and more elastic, resulting in a more defined contour.

How to use: Apply daily to face, neck and neckline by means of a light massage until completely absorbed. For an intensive treatment, we recommend applying the DMAE Lift Cream after the serum.

Puissant sérum effet LIFTING et tensor à court terme, cumulatif dans le temps. Améliore la fermeté du visage et du cou, redéfinissant le contour du visage. Avec du DMAE encapsulé dans les phospholipides, des antioxydants naturels et l'acide hyaluronique à différentes poids moléculaires, il agit contre la perte de fermeté et améliore l'apparence des rides et des lignes d'expression. La peau apparaît plus ferme et élastique, avec un contour plus défini.

Mode d'emploi: Appliquer sur le visage, le cou et le décolleté, et faire un léger massage jusqu'à absorption totale. En tant que traitement intensif, il est conseillé d'appliquer la crème DMAE Lift Cream après le sérum.
