DAW®

5% MINOXIDIL HAIR GROWTH FOAM

Restore thinning hair
Reduce hair loss
Stimulate hair newborn
Nursing scalp

60 ml (2.03 fl. oz)

MAJOR INGREDIENTS: MINOXIDIL, DISTIL WATER, ROSA CANINA FRUIT OIL

HOW TO USE:
STEP 1: For scalp: Apply four pumps on your scalp from the crown to the frontal area (see the drawing).
For beard: Apply two pumps on each cheek (see the drawing).
STEP 2: Massage with your hand to evenly distribute the foam; apply pressure, so that blood flow can increase for both scalp and beard.

CAUTIONS: Do not use if you have the following conditions: Pregnancy, Fainting, Heavy heart sensitivity, Hypertensive skin, Heavy open wound.

DESCRIPTION: 5% MINOXIDIL, topical solution, has regrowth treatment ingredients that help to stimulate growth; clinically proven to help regrow hair.

Manufactured for: Good Manager Holding Inc., Address: 21 Tamaul Vista Blvd #207, Corte Madera, CA 94925. Email: support@dawhealth.com. Website: dawhealth.com

64MM * 100MM

DAW®

5% MINOXIDIL HAIR GROWTH FOAM

Restore thinning hair
Reduce hair loss
Stimulate hair newborn
Nursing scalp

60 ml (2.03 fl. oz)

Active Ingredient: Minoxidil 5%

OTHER INGREDIENTS: WATER, NACRYLAMIDE, GLYCERIN, BUTYLENE GLYCOL, PANTHENOL, D-COSOLAN EDIA, 3-ETHYLGLUCOSIDE, ROSA CANINA FRUIT OIL, SODIUM HYALURONATE, CAPILLA LONGA, MALUS DOMESTICA FRUIT CELL CULTURE EXTRACT, CENTELLA ASIATICA ROOT EXTRACT, HYDROXYACETOPHENONE, L2-HEXANEDOL.

How does 5% MINOXIDIL WORK? The 5% MINOXIDIL is designed to dilate blood vessels and improve the flow of blood to the areas it's applied. This improves their ability to deliver nutrients and oxygen to the hair follicles. Minoxidil also helps increase the size of hair follicles, which promotes the growth of thicker, stronger hairs. In addition, the topical treatment shortens the resting phase of hair growth, which means your hair stays in the growth phase longer.

IMPORTANT NOTICES: You will notice increased hair loss in the first 2-4 weeks of the treatment. That is normal since the body is getting rid of the dead hair shafts to make room for new healthy ones. If you do not see any hair growth after 4 weeks, please consult with your doctor. Do not use if you have the following conditions: Pregnancy, Fainting, Heavy heart sensitivity, Hypertensive skin, Heavy open wound.
