Do not use if you

When using this product

- have very sensitive skin
- are sensitive to benzoyl peroxide
- **avoid unnecessary sun exposure and use a sunscreen**
- avoid contact with the eyes, lips and mouth
- avoid contact with hair and dyed fabrics, which may be bleached by this product
- skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration
- at the same time as other topical acne medications, increased dryness or irritation is more likely to occur. If this occurs, only one medication should be used unless directed by a doctor.

Stop use and ask a doctor

if irritation becomes severe.

ask a doctor before using. **If pregnant or breastfeeding,**

Keep Out of Reach of Children

In case of accidental ingestion, get medical help or contact a Poison Control Center Immediately.

Directions

- Cleanse skin thoroughly before applying Nighttime Control.
- Cover entire affected area with a thin layer 1 to 3 times daily.
- Because excessive drying of the skin may occur, start with 1 application every day, or every other day, gradually increasing to 2 or 3 times a day if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- Follow directions on sunscreen labeling. If sensitivity develops, discontinue use of both products and consult a doctor. **If going outside apply a sunscreen after using this product.**
