Drug Facts

Active ingredient (in each 20 mL)
cetylpyridinium chloride (0.05% w/w)

Purpose
Antigingivitis/Antiplaque

Use
helps control plaque that leads to gingivitis

Warnings
Keep out of reach of children under 6 years of age.

If more than used for rinsing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Stop use and ask a dentist if
• gingivitis, bleeding, or redness persists for more than 2 weeks
• you have painful or swollen gums, pus from the gum line, loose teeth, or increasing spacing between the teeth

These may be signs or symptoms of periodontitis, a serious form of gum disease.

Directions

| adults and children 12 years of age and older | • vigorously swish 20 mL (4 teaspoons) of rinse between your teeth twice a day for 30 seconds and then spit out
|                                              | • do not swallow the rinse |
| children 6 years to under 12 years of age    | • supervise use |
| children under 6 years of age                | • do not use |

Other information
• store at controlled room temperature 20-25° C (68-77° F)
Inactive ingredients
water, glycerin, propylene glycol, sorbitol, polysorbate 20, sodium benzoate, flavor, phosphoric acid, menthol, sodium saccharin, FD&C blue no. 1
