AHL Chlorhexidine Solution

Product Description

PRODUCT DESCRIPTION:
An antiseptic and antimicrobial disinfectant which provides fast acting activity against a wide range of microorganisms, especially against those commonly present on the skin.

Directions for Use

DIRECTIONS FOR USE:

DILUTION:
One ounce (2 tablespoons) of Chlorhexidine Solution per gallon of water.

Rinse area to be disinfected with an ample amount of diluted Chlorhexidine Solution. Wipe away excess and pat dry with a sterile gauze or sponge.

Non-toxic, non-irritating agent possessing a wide range of antiseptic and antimicrobial activity against organisms which infect the skin, such as bacteria, fungi, ringworm and yeast.

Active ingredient

ACTIVE INGREDIENT:
Chlorhexidine gluconate 2%
Caution

CAUTION:
For external use only. Avoid contact with eyes, ears, and mucous membranes. If contact occurs, immediately flush with water.

Keep out of Reach of Children

Warning

WARNING:
In case of accidental ingestion, seek professional assistance or contact the poison control center immediately.
