Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

--------

NOT FOR HUMAN USE

KEEP OUT OF REACH OF CHILDREN

Danger: Causes severe skin burns and eye damage. Wash skin thoroughly after handling. Wear protective gloves/protective clothing/ eye protection/ face protection.

DISPOSAL: Dilute unused teat dip and flush down drain with water. Do not reuse containers. Empty containers should be thoroughly rinsed with water and taken to a recycling center.

STORAGE: Store at room temperature. Protect from freezing and heat. Always store away from continuous artificial light or direct sunlight. If product is exposed to freezing temperatures, Activator and Base must be agitated thoroughly prior to mixing.

Mixing Directions: Add equal volumes of Activator and Base into a clean dip cup/container and mix until the color is uniform throughout. Do not dilute. Mix only amount needed for one milking of the herd. The average amount of product used is less than 1/4 ounce per cow per milking. Discard any unused teat dip. If product in dip cup becomes visibly dirty, discard contents and fill with fresh teat dip. Do not mix with any other product.

APPLICATION: Before milking, pre-dip or wash teats thoroughly with compatible pre-dip or udder wash. Immediately after milking, dip teats to 2/3 length in UDDERgold® 5-STAR. Allow to dry. Do not wipe. Do not turn cows out in freezing weather until teat dip is completely dry.

Note 1: If teat irritation occurs, discontinue use until irritation subsides. Consult your veterinarian if irritation persists.

Note 2: The gold color in the mixed product fades with time and is more rapid at higher temperatures. This will not affect the efficacy of the product.

Note 3: Avoid Freezing. However, freezing will not affect the performance of this product provided that the frozen contents are thawed completely and agitated thoroughly before mixing Base and Activator together.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER/doctor. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Wash contaminated clothing before reuse.

Representative Label and Principal Display Panel

udderlgold® 5-star

GERMICIDAL BARRIER TEAT DIP

An aid in reducing the spread of organisms which may cause mastitis.

Provides protective gel barrier over teat end until next milking.

BASE

FOR USE ONLY WITH UDDERgold 5-STAR ACTIVATOR

ACTIVE INGREDIENT: 0.6% Sodium Chlorite

CONTAINS: Barrier forming agents.
