### **Cat Lax®**

A palatable formula for the elimination and prevention of hair balls in cats

**For veterinary use only.**

### **Indications and Usage**

#### **For Use in Cats Only**

**Recommended to help eliminate and prevent hair balls in cats in a palatable formula**

### **Active Ingredient**

Cod liver oil 0.02g/g, white petrolatum 0.474g/g, barley malt syrup 0.474g/g.

### **Inactive Ingredients**

caramel, lecithin, 0.1% sodium benzoate, (preservative), 0.036 I.U./g Vitamin E (dl-alpha-tocopheryl Acetate) (antioxidant), purified water.

### **Cautions**

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

Safe use in pregnant animals or animals intended for breeding has not been proven.

### **Directions for Use**

Use For Hair Ball Removal: For average weight adult cats, administer once daily. Squeeze approximately one inch of Cat Lax® from tube.

For smaller cats, vary amount accordingly.

For Prevention of Hair Ball Formation: Administer two or three times per week.

### **Warnings**

Not for human consumption.

Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.

### **Storage and Handling**

Store at room temperature.

Keep container tightly closed. To avoid contamination do not touch tip of container to any surface. Replace cap after using. Please note cap/closure has tamper indicative feature.

Do not use if previously opened.
