

UFORIC WART REMOVER- salicylic acid solution
UFORIC HEALTH LLC

UFORIC Wart Remover

Drug Facts

Active ingredient

Salicylic Acid 5% w/v

Purpose

Wart Remover

Uses:

• For the removal of common warts. The common wart is easily recognized by the rough 'cauliflower-like' appearance of the surface. • For the removal of plantar warts on the bottom of the foot. The plantar wart is recognized by its location only on the bottom of the foot, its tenderness, and the interruption of the footprint pattern.

Warnings:

For external use only.

• Keep away from fire or flame. **Flammable**

Do not use

• this product on irritated skin, on any area that is infected or reddened, if diabetic, or if you have poor blood circulation • on moles, birthmarks, warts with hair growing from them, genital warts, or warts on the face or mucous membranes.

When using this product

• If discomfort persists, see your doctor. • If product gets in eyes, flush with water for 15 minutes. • Avoid inhaling vapors.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

If pregnant or breast-feeding,

ask a health professional before use.

Other information:

- Protect the product in this container from excessive heat and direct sun.

Directions:

• Wash affected area. • May soak wart in warm water for 5 minutes • Dry area thoroughly. Apply one drop at a time with applicator to sufficiently cover each wart. Let dry. Repeat this procedure once or twice daily as needed (until wart is removed) for up to 12 weeks.
