

DR SABHARWALS- menthol 5% patch patch
Dr. Sabharwal's Wound Care

Menthol 5%

Topical Analgesic

Temporarily relieves minor aches and pain of muscles and joints associated with, simple backache, arthritis, strains, bruises and sprains

For external use only

- more than 1 patch on your body at a time
- on cut, irritated or swollen skin
- on puncture wounds or damaged skin
- for more than one week without consulting a doctor
- with heating pad
- on a child under 12 years of age with arthritis-like conditions

- use only as directed.
- read and follow all directions and warnings on this label
- rare cases of serious burns have been reported with products of this type.
- do not apply to wounds or damaged, broken or irritated skin
- do not allow contact with eyes and mucous membranes
- do not bandage tightly or apply local heat (such as heating pads) to the area of use
- do not use at the same time as other topical analgesics
- dispose of used patch in manner that always keeps product away from children and pets
- used patches still contain the drug product that can produce serious adverse effects if a child or pet chews or ingests this patch
- a transient burning sensation may occur upon application but generally disappears in several days
- if a severe burning sensation occurs, discontinue use immediately.
- discontinue use at least 1 hour before a bath or shower.
- do not use immediately after a bath or shower.

- condition worsens
- redness is present over the affected area
- excess skin irritation occurs
- symptoms persist for more than 7 days or clear up and occur again within a few days
- you experience signs of skin injury such as pain, swelling, or blistering where the product was applied

if pregnant or breast feeding, ask a health professional before use.

keep out of reach of children and pets

if swallowed, get medical help or contact a Poison Control Center right away

Adult and children over 12 years:

- Clean and dry affected area
- remove backing from patch by firmly grasping both ends and gently pulling until back separates in middle
- carefully remove smaller portion of backing from the patch and apply exposed portion of patch to affected area
- do not wear a patch for more than 8 hours
- apply affected area no more than 3 times daily

children 12 years or younger:

- ask a doctor
