

CLOSYS SILVER HEALTHY GUMS- cetylpyridinium chloride liquid
Rowpar Pharmaceuticals, Inc.

CloSYS Healthy Gums

Drug Facts

Active ingredient

Active ingredient	Purpose
Cetylpyridinium chloride 0.075	Antigingivitis/Antiplaque

Uses

- Helps prevent and reduce plaque and gingivitis.
- Helps control plaque bacteria that contribute to the development of gingivitis, an early form of gum disease, and bleeding gums.

Warnings

Stop use and ask a dentist if

- gingivitis, bleeding, or redness persists for more than 2 weeks
- you have painful or swollen gums, pus from the gum line, loose teeth, or increasing spacing between the teeth. These may be signs or symptoms of periodontitis, a serious form of gum disease.

Keep out of reach of children under 6 years of age. If more than used for rinsing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

Adults and children 12 years and over	Vigorously swish 20 milliliters of rinse between your teeth for 30 seconds and then spit out. Do not swallow rinse.
Children 6 years to under 12 years	Supervise use.
Children under 6 years	Do not use.

Other Information

- Do not use if safety seal is broken or missing.
- This rinse is not intended to replace brushing or flossing

Inactive ingredients water, potassium sorbate, trisodium phosphate, citric acid, sodium benzoate, mint flavor, sucralose, benzoic acid

Our Story

Founder of ClōSYS® & Periodontist Dr. Perry Ratcliff had a bold belief that there had to be a better/gentler way to help with oral care. Dr. Ratcliff didn't agree with the common myth 'If it hurts, it must be good for you.'

CloSYS® took a different approach—keep it gentle, yet effective, and people will use it long enough to make a difference in their oral health. After discovering that his first patented formula was not only extremely gentle but incredibly effective, he gathered a small group of dental professionals and business leaders to start their journey toward what is today Founder of CloSYS® Oral Care.

What Makes CloSYS®
Products Different?

Simply put, CloSYS® is the Gentlest, Oral Care. Ever.®
All CloSYS® formulas are highly effective and extremely gentle so they are not harsh or irritating to sensitive mouths. And because it's so gentle, it means you can swish it in your mouth longer without having to spit it out early and risk not getting the full benefit of the rinse.

CloSYS® products are free of alcohol, sulfates, triclosan, and other harsh ingredients that can burn or irritate sensitive mouths.

How Does CloSYS®
Healthy Gums Work?

CloSYS® Healthy Gums Oral Rinse kills germs that cause gingivitis, plaque and bad breath and helps reverse early signs of gum disease (redness, bleeding and inflammation).

Its gentle formula protects against plaque formation that often leads to gingivitis, while the gentle mint flavor freshens breath. And, the formula doesn't contain alcohol, sulfates, triclosan, and other ingredients that can burn or irritate the mouth or gums so you can rinse longer and get great results!

HEALTHY Mouth= HEALTHY Body
Gentlest.
Oral Care.
