Uses

- Reduces the duration and severity of common cold symptoms
- Temporarily relieves symptoms of common cold, including:
 - sneezing
 - runny nose
 - congestion
 - cough
 - sore throat
 - headache
 - watery eyes
 - fever
 - chills

Warnings

As with any drug, ask a doctor before use if pregnant or breast-feeding.

Do not use more than directed.

Consult a physician if:

- symptoms persist for more than 7 days or worsen.
- inflammation, fever (over 101°F) or infection is present or develops.
- cough tends to recur or is accompanied by a fever (over 101°F), rash or persistent headache.

Keep this and all medications out of the reach of children.

Do not use this product for persistent or chronic cough such as asthma, smoking or emphysema or if cough is accompanied by excessive mucus, unless directed by a licensed medical professional.

A persistent cough may be a sign of a serious condition.

Sore throat warning: Severe or persistent sore throat or sore throat accompanied by fever (over 101°F), headache, nausea and vomiting may be serious. Consult a doctor promptly.

In case of emergency or accidental overdose, contact a medical professional or Poison Control Center immediately. Hyland's may also be contacted for emergency information about our products 24 hours a day, 7 days per week at (800) 624-9659.

Directions

Adults and children 12 years and over	Dissolve 2 tablets under tongue every 4 hours until relieved.
Children 6 years to under 12 years	Dissolve 1 tablet under tongue every 4 hours until relieved.
