This multi-purpose, skin care complexion-enhancer draws on the expertise of Korean technology. Enriched with Ginseng – with multiple beneficial properties renowned in Korea – the formula adapts to your natural skin tone and helps to: 1. Even out and mattify the complexion, 2. Reduce the appearance of blemishes, 3. Refine skin's texture, 4. Moisturize and "plump" the skin, 5. Give a non-oily, velvety finish.

Your skin is visibly softer, smooth and beautiful, with a silky feel, just like "baby skin".

The **BB CRÈME AU GINSENG** "golden" shade is particularly suitable for medium skin tones, to create a perfect-like finish.

[Apply onto face and smooth over the skin, working outwards from the center. Also makes an excellent make-up base.]
