Renewing Cleanser - Warnings

For external use only

Renewing Cleanser - When using this product

- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication

at a time.

- avoid unnecessary sun exposure and use a sunscreen.
- avoid contact with the eyes, lips, and mouth.
- avoid contact with hair and dyed fabrics, which may be bleached by this product.
- skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.

Do not use if you

- have very sensitive skin
- are sensitive to benzoyl peroxide

Stop use and ask a doctor if

- irritation becomes severe.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Renewing Cleanser - Directions

- *Sensitivity Test for a New User* . Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated below.
- cover the entire affected area with a thin layer and rinse thoroughly one to three times daily.
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- if going outside, apply sunscreen after using this product. If irritation or sensitivity develops, stop use of both products and ask a doctor.

Repairing Treatment - Directions

Sensitivity Test for a New User. Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated below. clear the skin thoroughly before applying this product. cover the entire affected area with a thin layer one to three times daily.

Kit Contains: Renewing Cleanser 2 FL. OZ. (60mL) Revitalizing Toner 2 FL. OZ. (60mL) Repairing Treatment 1 FL. OZ. (30mL)

Proactiv Solution

3-step acne treatment system

Three steps specially formulated to work together to treat and help prevent breakouts for most skin types, especially oily or combination skin. Benzoyl peroxide helps kill acne-causing bacteria while glycolic acid, an exfoliating alpha hydroxy acid, helps keep pores clear.

Directions:

Step 1: Renewing Cleanser

Apply twice daily, morning and night. Treat your whole face. Apply a small (dime-sized) amount to dampened skin and gently massage with fingertips for 1 to 2 minutes. Rinse thoroughly with warm water. Pat dry and follow with Step 2 (Revitalizing Toner). If bothersome dryness or peeling occurs, reduce application to once a day or every other day. If going outside, use a sunscreen.

Step 2: Revitalizing Toner

Apply twice daily, morning and night, after Step 1 (Renewing Cleanser). Treat whole face. Apply a small amount (dime size) with cotton ball or pad. Leave on; allow to dry. Do not rinse off. Follow with Step 3 (Repairing Treatment).

Step 3: Repairing Treatment

Cover the entire affected area with a thin layer 1 to 3 times daily. Because excessive drying of the skin may occur, start with 1 application daily, then gradually increase to 2 or 3 times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day. If going outside, use a sunscreen.
