CIO2-C Base

FIRST AID

If in eyes, rinse eyes gently with water for several minutes and consult medical attention. If swallowed, rinse mouth and do not induce vomiting. If inhaled, move to fresh air and consult medical attention. If on skin, rinse skin and remove contaminated clothing. Wash clothing thoroughly before reuse.

DIRECTIONS FOR USE

Mix one part CIO2-C Base, one part CIO2-C Activator, and 20 parts water into a clean container. Do not mix CIO2-C Activator and Base directly together. Once mixed, apply through a clean dip cup, foam cup, or other application method. Mix only enough product for one milking of the herd at a time. Do not use to sanitize dairy equipment. Use only in conjunction with CIO2-C Base Concentrate.

APPLICATION:

Pre-Milking: After washing dirt from teats, dip the full teats and leave CIO2-C teat dip on teats for at least 15-30 seconds. Wipe teats dry using a single use towel before milking.
Post-Milking: Immediately after milking, dip entire teat with teat dip and allow teat to air dry. If the solution in the dip cup becomes visibly dirty, replace with a fresh mixture.

STORAGE

Keep out of direct sunlight. Store in locked room at room temperature. Do not freeze. If product is exposed to freezing temperatures, mix thoroughly before use.

DISPOSAL

Make teat dip with water and CIO2-C Activator, then dilute unused teat dip with water before flushing down drain. Never release CIO2-C directly into the environment. Containers should not be reused. Instead, rinse thoroughly and dispose at a recycling center.

GENERAL CAUTION

For topical use only. Do not ingest. Do not put in contact with food. Wear full protective equipment when handling this product.
