

**K2LTS TELOMERASE INHIBITOR- telomerase inhibitor liquid**  
**K2LT LAB, LLC**

*Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.*

-----  
**84429-002**

**Active Ingredient**

ginsenoside 23%

**Purpose**

Indications: This drug is indicated for cancer patients, people with a family history of cancer, or people exposed to work with radioactivity.

**Use**

Product Benefits: This product can inhibit the activity of telomerase, thus preventing the proliferation and growth of tumor cells;

**Warnings**

This product should not be used in combination with antibiotics;

**Do not use**

This product should not be used in patients who are allergic to any component of this product;

**When Using**

Precautions: Combined use with other drugs or increased exposure to this product may result in clinically significant adverse reactions. Combined use with other drugs may significantly decrease the concentration of this product, leading to decreased therapeutic effect of the drug combination.

**Stop Use**

If there is any discomfort during use, please discontinue this product.

**Ask Doctor**

If the patient has any underlying medical condition, please consult the doctor before

taking this product.

## Keep Out Of Reach Of Children

Please keep this product away from children. If the child accidentally ingests this product, please seek medical help immediately.

## Directions

Usage: Twist off the bottle cap and take it directly; Take it twice a day; Do not overdose.

## Other information

Storage: This product should be stored in a cool, dry, dark place with the temperature of 16°C-27°C and the humidity  $\leq$  50%.

## Inactive ingredients

EGCG Sulforaphane cordycepin Ergothioneine Selenium Sodium benzoate

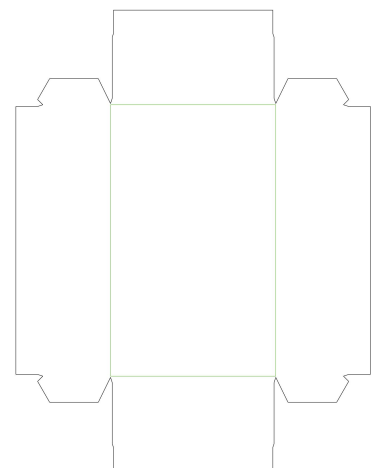

## PRINCIPAL DISPLAY PANEL

尺寸: 159x98x42mm
