-----  
**Styptic Powder**

**ACTIVE INGREDIENTS**

Ferric Subsulfate.....Hemostat.

Professional Groomer's Styptic Powder is a safe, quick and effective aid to stop bleeding caused by clipping nails, minor cuts or scratches.

**CAUTION**

**Keep out of reach of children. For animal use only.**

**DIRECTIONS**

Apply a pinch of styptic powder to the bleeding area, using moderate pressure until bleeding stops. Dont use in deep wounds, bony cavities, or burns. If bleeding does not stop, consult veterinarian.

**OTHER INGREDIENTS**

Bentonite, Potassium Aluminum Sulfate, Diatomaceous Earth, Ammonium Chloride.

Stop bleeding will quickly stop blood due to clipping nails or wings, or for minor, superficial cuts to the skin such as nicks from shaving. It is not recommended for use on deep cuts that require stitches or on severe wounds or in body cavities.

You can apply Stop Bleeding powder directly to the bleeding area by pressing the toe nail directly in powder. You can also apply Stop Bleeding powder with a pre-moistened applicator (like a swab) dipped in Stop Bleeding powder. If using an applicator, use moderate pressure and hold on the area until bleeding stops. If you cannot get bleeding to stop using moderate pressure for 10-15 seconds, consult a veterinarian.
