## ASK INKEY

## IS THERE A RIGHT WAY TO CLEANSE?

Follow INKEY'S 3 tips for a perfect cleanse

### 1. TEXTURE

Oily skin types may be better suited to lighter more gel-based cleansers.

**E.G. SALICYLIC ACID CLEANSER**

Dryer skin types may be better suited to more balm or cream based cleansers.

**E.G. OAT CLEANSING BALM**

### 2. TEMPERATURE

Not too hot! Cleansing with hot water can strip skin of its natural oils. Try to avoid cleansing in the shower or bath and stick to lukewarm temperatures.

### 3. FREQUENCY

Twice a day is just right. Using AM and PM removes makeup and dirt we gather throughout the day and night. Try not to over cleanse.
