Laura Mercier's range of silicone-free primers is the essential step to prepare the skin for seamless makeup application. The breathable formulas seal in skincare and create a protective barrier that extends makeup wear.

The Protecting Primer provides the ideal blend of priming and protection. The weightless, non-chalky Broad Spectrum SPF 30 formula helps protect skin against harmful UVA/UVB rays. A Vitamin C and E Blend helps improve the appearance of skin overtime.

THE TECHNIQUE:
Apply after skincare. Gently massage a dime-sized amount onto skin with fingertips. Follow with Tinted Moisturizer or Foundation.

For external use only. Avoid contact with eyes. Discontinue use if signs of rash or irritation persists, consult a doctor.

DERMATOLOGIST TESTED.
NON COMEDOGENIC.
