**KEEP OUT OF REACH OF CHILDREN**

**NOT FOR HUMAN USE**

**FIRST AID:**

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing. Contact a physician immediately. If swallowed: Have person sip a glass of water if able to swallow. Do not give anything to an unconscious person. Do not induce vomiting. Contact a physician immediately. If breathing difficulty occurs: Move person to fresh air. Contact a physician immediately. If on skin: Take off contaminated clothing. Rinse skin with soap and water. If irritation develops and persists, contact a physician.

Have the product container or label with you when going for treatment, calling a physician, the emergency number listed on this label or MSDS, or a poison control center.

**PRECAUTION:** Avoid eye contact. Do not ingest. Do not mix with any chemicals except as directed.

**STORAGE:** Store in a closed container away from sources of heat. If product becomes frozen, thaw and mix well before use.

**SEE MATERIAL SAFETY DATA SHEET**

**HIGH-EMOLLIENT IODINE TEAT DIP**

Helps reduce the spread of organisms which may cause Mastitis

**USE DIRECTIONS**

**NOT FOR HUMAN USE**

**FOR EXTERNAL USE ONLY**

**USE AT FULL STRENGTH**

**PRE-DIPPING:** Before milking, dip entire teat with this product. Wipe teats dry after application using single-service towels to avoid contamination of milk.

**POST-DIPPING:**

After milking, dip entire teat with this product. Allow to air dry.

Note: If solution in cup becomes visibly dirty, replenish with a fresh mixture of this

product. Do not return unused product to original container.

## BoviSoft Barrier®

**WARNING**  
**KEEP OUT OF REACH OF CHILDREN**  
**NOT FOR HUMAN USE**

**Always use caution when handling your cows for new test dip.**

**Remember these industry guidelines:**

**Replicate dip use and/or clean dip line** – Always replace dip in original container from mixing with the old dip. If dirty or dip is past its use-by date, flush with hot water to clean the dip line.

**Aggressively remove scum and residual milk from teats** – Use a stiff brush to scrub the teats thoroughly before dipping. Do not use a brush that has been used for other purposes.

**Monitor cows for changes in skin condition** – If you notice any changes in your cow's skin condition, consult your veterinarian.

**Never use dip if it contains any of the following:**  
 - Contains any toxic substances  
 - Contains any flammable or explosive materials  
 - Contains any corrosive or irritant substances  
 - Contains any volatile organic compounds (VOCs)  
 - Contains any other hazardous materials

**Always use caution when handling your cows for new test dip.**

**Remember these industry guidelines:**

**Replicar el uso y limpiar la línea de la taza** – Siempre reemplazar la solución de la taza en el recipiente original desde el momento en que se mezcla con la solución antigua. Si la solución está sucia o es anterior a la fecha de caducidad, límpiela con agua caliente para limpiar la línea de la taza.

**Eliminar agresivamente la costra y los residuos de la leche de las tetillas** – Utilice un cepillo rígido para cepillar las tetillas antes de sumergirlas. No utilice un cepillo que se haya utilizado para otros fines.

**Monitorear a las vacas por cambios en su condición de la piel** – Si observa cambios en la condición de la piel de su vaca, consulte a su veterinario.

**Nunca usar el líquido si contiene cualquiera de los siguientes:**  
 - Cualquier sustancia tóxica  
 - Cualquier material inflamable o explosivo  
 - Cualquier sustancia corrosiva o irritante  
 - Cualquier compuesto orgánico volátil (COV)  
 - Cualquier otro material peligroso

**PREMIERS SOINS:** Avant de traire, trempez les trayons dans le produit. Ne pas utiliser le produit après application utilisant des serviettes anti-service pour éviter la contamination du lait.

**POST-TREMPAGE:** Après la traite, trempez les trayons dans le produit. Laissez sécher à l'air. Ne pas retourner le produit dans le récipient original.

**Note:** Si la solution dans la coupe devient visqueuse, remuez avec une cuillère propre. Ne pas retourner le produit dans le récipient original.

**POST-TRAITEMENT:** Appliquez le produit sur les trayons après la traite. Ne pas retourner le produit dans le récipient original.
