Neutrogena[®] Rapid Clear[®] Acne Eliminating Spot Gel

Drug Facts

Active ingredient

Salicylic Acid 2%

Purpose

Acne Medication

Use

For the treatment of acne.

Warnings

For external use only.

Flammable

Keep away from fire or flame.

When using this product

- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical medication at a time
- if eye contact occurs, flush thoroughly with water. **Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- cleanse the skin thoroughly before applying product.
- cover the entire affected area with a thin layer 1-3 times daily.
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- if bothersome dryness or peeling occurs, reduce application to every other day.

Other information

Sunburn Alert

This product contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear a protective clothing, and limit sun exposure while using this product and for a week afterwards. Store at Room Temperature.

Inactive ingredients
