Miconazole Shampoo

Davis Miconazole Shampoo with 2% Miconazole Nitrate is specifically formulated for dermatological conditions associated with fungal infections such as ringworm, superficial skin infections caused by yeast and scaling due to seborrhea. Made with rich emollients, it penetrates the coat and skin and locks in needed moisture while helping to provide soothing relief. Davis Miconazole Shampoo is free from dyes and fragrances that could cause further irritation or reactions.

MADE IN THE USA

Davis Manufacturing

541 Proctor Avenue

Scottdale, GA 30079

www.davismfg.com

Product No. MS12 Rev 0712

Active Ingredient: Miconazole Nitrate 2.0%

Inactive Ingredients: Purified Water, Sodium Laureth Sulfate, Sodium Lauryl Sulfate, Propylene Glycol, Lauramide DEA, Colloidal Oatmeal, Ethylene Glycol Monostearate, Aloe Vera, PEG Distearate, Methylchloroisothiazolinone (and) Methylisothiazolinone

DIRECTIONS FOR USE Wet coat thoroughly with warm water. Apply shampoo to head and ears, then lather. Do not get shampoo into eyes. Repeat procedure with neck, chest, middle and hindquarter, finishing with legs. Allow shampoo to soak in for 10 minutes. To prevent ingestion, do not allow animal to lick while bathing. Rinse thoroughly with water. Repeat twice weekly until symptoms subside, then weekly, or as directed by a veterinarian.

If desired follow the Davis Miconazole Shampoo bath with one using Davis Chlorhexidine Shampoo or make your own Miconazole/Chlorhexidine Shampoo by premixing Davis Miconazole shampoo and Davis Chlorhexidine Shampoo.

Precautions: Avoid contact with eyes and mucous membranes. If eye contact occurs or skin irritation develops, rinse thoroughly with water, discontinue use and immediately contact your veterinarian.
