

VANICREAM HC ANTI-ITCH- hydrocortisone cream
Pharmaceutical Specialties, Inc.

VANICREAM™ HC Anti-Itch Cream

Drug Facts

Active ingredient

Hydrocortisone acetate 1.12%

(equivalent to hydrocortisone 1%)

Purpose

Anti-itch

Uses

- for the temporary relief of itching associated with minor skin irritations, inflammation and rashes due to:
 - eczema · psoriasis · insect bites
 - detergents · jewelry · seborrheic dermatitis
 - soaps · cosmetics · poison ivy, oak, sumac
- for the temporary relief of external genital and anal itching
- other uses of this product should be only under the advice and supervision of a doctor

Warnings

For external use only

Do not use

- in the genital area if you have a vaginal discharge. Consult a doctor.
- for the treatment of diaper rash. Consult a doctor.

When using this product

- avoid contact with the eyes
- do not exceed the recommended daily dosage unless directed by a doctor
- do not put this product into the rectum by using fingers or any mechanical device or applicator

Stop use and ask a doctor if

- condition worsens
- rectal bleeding occurs
- symptoms persist for more than 7 days or clear up and occur again within a few days and do not begin use of any other hydrocortisone product unless you have consulted a doctor.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away

Directions

- **for itching due to minor skin irritations, inflammation and rashes:**
- adults and children 2 years of age and older: apply to affected area not more than 3 to 4 times daily
- children under 2 years of age: Do not use, consult a doctor.

- **for external anal and genital itching, adults:**
- when practical, cleanse the affected area with mild soap and warm water and rinse thoroughly
- gently dry by patting or blotting with toilet tissue or a soft cloth before application of this product
- apply to affected area not more than 3 to 4 times daily
- children under 12 years of age: consult a doctor

Other information

- store at room temperature

Inactive ingredients cetareth-20, cetaryl alcohol, glyceryl stearate, PEG-30 stearate, petrolatum, propanediol, purified water, simethicone, sorbic acid, sorbitol
