DIRECTIONS FOR USE

See information leaflet with complete directions on how to use and obtain best results.

1: PREP HANDS WITH COLD WATER

Rinse your fingers in cold water and dry them. **Note:** foam will melt on contact with warm surfaces.

2: OPEN CHILD RESISTANT CAP

Be sure to align arrow on the cap with arrow on white ring. Tilt cap back and pull off.

3: DISPENSE VERTICALLY ONTO A COLD SURFACE

Hold the can straight upside down. If you hold the can at an angle, foam may not dispense properly. Press nozzle to dispense half a capful of foam onto a cold surface (e.g. dish, or cold hands).

4: APPLY TO SCALP, NOT HAIR

Part your hair to expose hair loss area. Massage foam into **scalp**, not hair. **Repeat** until all hair loss areas have been covered.

5: CLOSE CAP AND WASH HANDS

Snap cap back into place. Be sure arrows do not line up, so cap remains child resistant. Wash hands and any surface thoroughly after use.
