### **Emergency Zit Stick Treatment**

Active ingredient	Purpose
Salicylic Acid 2%	Acne Treatment Cream

#### Uses

Treats acne

Clears up acne blemishes

Penetrates Pores to clear most acne pimples

Keep out of reach of children. If swallowed get medical or contact a Poison Control Center right away. If swallowed get medical help or contact a poison control center right away.

Do not use on broken skin or apply to large areas of the body

#### Warnings

For external use only

Using other topical acne medications at the same time or immediately following use of this product may increase dryness or irritation of the skin. if this occurs only one medication should be used unless directed by a physician.

Apply to effected areas only

#### Directions

Cleanse the skin thoroughly before applying this medication.

Cover the entire affected area with a thin layer one to three times daily.

Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three time daily if needed or as directed by a doctor.

If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

#### Inactive ingredients
