Rich, creamy cleanser for normal to dry skin treats and prevents blemishes as it conditions. Encapsulated salicylic acid releases acne medicine immediately and over time to extend clearing benefits beyond rinse-off. Hyaluronic acid and an amino acid blend mimic skin's natural moisturizing factors to balance and help retain hydration for smoother, softer skin.

TO USE: AM and PM. Massage over dampened face and neck. Rinse and pat dry.

Dermatologist developed.

DOCTOR'S TIP: To prevent acne cosmetica (makeup-triggered breakouts), always cleanse to remove makeup.
