

MEDIPLAST- salicylic acid plaster
Medline Industries, Inc

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active ingredient

40% Salicylic Acid

Purpose

Corn, Callus, and Wart Remover

Uses

For the removal of

- corns
- calluses
- common warts

Warnings

For external use only. This product contains natural rubber, which may cause allergic reactions.

Do not use

- if you are diabetic or have poor blood circulation
- on irritated skin or on any area that is infected or reddened
- on moles, birthmarks, or warts with hair growing from them, genital warts, warts on the face, warts on mucous membranes such as warts inside the mouth, nose, anus, genitals or lips.

Keep this and all drugs out of reach of children.

In case of accidental ingestion, seek professional assistance or contact a Poison Control center immediately.

Stop using this product and see your doctor

if discomfort persists.

Directions

Wash affected area. May soak corn, callus or wart in warm water for 5 minutes. Dry area thoroughly. Cut pad to fit corn, callus or wart. Apply medicated pad to area. Remove medicated pad after 48 hours. Repeat procedure every 48 hours for up to 14 days for corn/callus removal and up to 12 weeks for warts, until the problem has cleared.

Inactive ingredients

O-Cresol, Lanolin, Myroxylon pereirae (Balsam Peru), Phenol, Talc, Terpeneol.

Bandage: Flannel (99.7% cotton), Colophonium, Rubber Latex, 0.3% Polyurethane
