Directions: Shake well before use. Apply liberally and massage evenly into face, neck, and décolleté. For maximum results, apply daily and reapply every two hours before and after sweating or swimming. Upon application, natural tint will absorb into skin and become sheer.

Mode D'emploi: Bien agiter avant utilisation. Appliquer généreusement et masser pour faire pénétrer uniformément sur le visage, le cou et le décolleté. Réappliquer au besoin après la baignade, une transpiration abondante ou le séchage à la serviette. Dès l'application, la tenue naturelle est absorbée par la peau et devient diaphane.

Indicaciones: Agítase bien antes de usarlo. Aplíquelo generosamente y masajéelo de modo uniforme sobre el rostro, cuello y escote. Vuelva a aplicar según sea necesario después de nadar, transpiración abundante o secarse con una toalla. Al aplicarse, el tinte natural se absorberá en la piel y se volverá transparente.

If irritation persists, discontinue use and consult a physician. **Mises En Garde:** Employez seulement comme dirigé. Pour usage externe seulement. Tenir hors de portée des enfants.
