Kiehl's Dermatologist Solutions are highly advanced targeted treatments developed by Kiehl's Since 1851. Relying on our extensive skincare expertise and botanical knowledge, Kiehl's chemists partner with an international team of leading dermatologists to deliver powerful, yet safe skincare solutions.

Our daily ultra light formula intensely moisturizes the skin and utilizes efficacious levels of an advanced sun filter system and pollution-deflecting technology, helping provide skin with effective defense against environmental aggressors, including UVA/UVB rays and skin-damaging pollutants. This gentle, oil-free lotion helps protect against appearance of premature skin aging. This lightweight lotion is fast absorbing and leaves skin with an invisible finish.

Dermatologist tested for safety and suitable for sensitive skin.
DIRECTIONS: Apply in the morning at the end of your daily skincare routine. Avoid eye area. In case of contact with eyes, rinse immediately and thoroughly.

Over-exposure to the sun is dangerous. Keep babies and young children out of direct sunlight. Do not stay too long in the sun, even while using a sunscreen product because it does not provide you 100% protection. Apply the sunscreen product just before sun exposure. Re-apply frequently and generously to maintain protection, especially after swimming, perspiring or toweling.
