

ER HEMORRHOID- phenylephrine hcl cream EVER READY FIRST AID

72976-018-01 ER hemorrhoids cream

Active Ingredients

Mineral Oil	14%
Petrolatum	74.9%
Phenylephrine HCl	0.25%

Purpose

Protectant
Protectant
Vasoconstrictor

Uses

- helps relieve the local itching and discomfort associated with hemorrhoids
- temporarily shrinks hemorrhoidal tissue and relieves burning
- temporarily provides a coating for relief of anorectal discomforts
- temporarily protects the inflamed, irritated anorectal surface to help make bowel movements less painful

Warnings

For external use only.

Ask a doctor before use if you have

- heart disease
- high blood pressure
- thyroid disease
- diabetes
- difficulty in urination due to enlargement of the prostate gland

Ask a doctor or pharmacist before use if you are presently taking a prescription drug for high blood pressure or depression

When using this product do not exceed the recommended daily dosage unless directed by a doctor

Stop use and ask a doctor if

- bleeding occurs
- condition worsens or does not improve within 7 days
- introduction of applicator into the rectum causes additional pain

If pregnant or breast-feeding, ask a healthcare professional before use

Keep out of reach of children

If swallowed, get medical help or contact a Poison Control Center right away. (1-800-222-1222)

Directions

- adults: when practical, cleanse the affected area by patting or blotting with an appropriate cleansing wipe. Gently dry by patting or blotting with a tissue or a soft cloth before applying ointment
- when first opening the tube, puncture foil seal secured on tube
- apply to the affected area up to 4 times daily, especially at night, in the morning or after each bowel movement
- intrarectal use: remove cover from applicator, attach applicator to tube, lubricate applicator well and gently insert applicator into the rectum
- thoroughly cleanse applicator after each use and replace cover also apply ointment to external area regular use provides continual therapy for relief of symptoms
- children under 12 years of age: ask a doctor

Other Information

- store at 20°-25°C (68°-77°F)
- do not use if tube seal under cap is broken
