

**ASCUOLI- resveratrol,nicotinamide mononucleotide,piper nigrum
extract lozenge
HEALGROW INC**

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

Active ingredient

Resveratrol	400mg
β-Nicotinamide Mononucleotide	500mg
Piper nigrum extract	50mg

Warning

Not intended for children. Do not exceed the stated recommended daily dose. keep sealed in a cool, dry place away from excessive heat. Do not use if bottle seal is broken or missing.

Keep out of reach of children

Direction

As a dietary supplement, take one lozenge daily in the morning on an empty stomach or as directed by your healthcare professional place one lozenge under the tongue to dissolve before swallowing.

Inactive ingredient

Isomalt, Erythritol, microcrystalline cellulose, natural flavour, stearic acid, Hydroxypropyl cellulose, calcium palmitate

Other information

Store in a dry place at room temperature

Product label

SUGGESTED USE: As a dietary supplement, take one lozenge daily in the morning on an empty stomach or as directed by your healthcare professional. Place one lozenge under the tongue to dissolve before swallowing.

HOW IT WORKS: NMN (Nicotinamide Mononucleotide) is a form of vitamin B3 naturally found in some foods like broccoli, cabbage, cucumber and avocados. NMN is a direct precursor to the anti-aging NAD+ molecule, needed by cells to regulate genes, repair DNA and create cellular energy. Resveratrol, a red wine polyphenol, is a stilbenoid and is traditionally known for its antioxidant properties. Resveratrol is a Sirtuin (longevity gene) activator and an NAD+ biosynthesis accelerator. It exists as two isomers, namely, cis- and trans-resveratrol. The trans-resveratrol is the more biologically active isomer. Trans-resveratrol is a polyphenol found in a variety of plants, such as grapes, wine and peanuts. Lozenges allow NMN and trans-resveratrol to be absorbed directly into the blood vessels in the mouth and under the tongue.

CAUTION: Not intended for children. Do not exceed the stated recommended daily dose. Keep sealed in a cool, dry place away from excessive heat. Do not use if bottle seal is broken or missing. Keep out of reach of children.
