Ultra-Concentrate, Premium, Moderate-Foam Teat Dip Concentrate

This product is a concentrated powder that when added to water makes an oxidizing teat dip. POD CONCENTRATE does not contain chlorine, iodine or any other halogens and is designed to clean and sanitize bovine teats before milking. This product works best on relatively clean teats and can be used after milking if environmental challenges are minimal.

Directions

Dilution

Dilute 2,2% of this products with water[e.g. 100lbs[4.5kg] of powder into 55gal [208L] water]

Pre-Milking use

Before milking, dip or spray entire teat with the diluted product. Wipe teats and udder dry after application using single-service towels. Note: If solution in dispenser becomes visibly dirty, replenish with fresh mixture of this product.

Contains:

Hydrogen Peroxide (from Sodium Percarbonate) = 17.0%

WARNING

KEEP OUT OF REACH OF CHILDREN

Causes serious eye damage

May intensify fire; oxidizer

Read label before use. Do not breathe dust or mist. Get medical advice and attention if you feel unwell. Store in a dry place. Store in a closed container.

FISRT AID:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

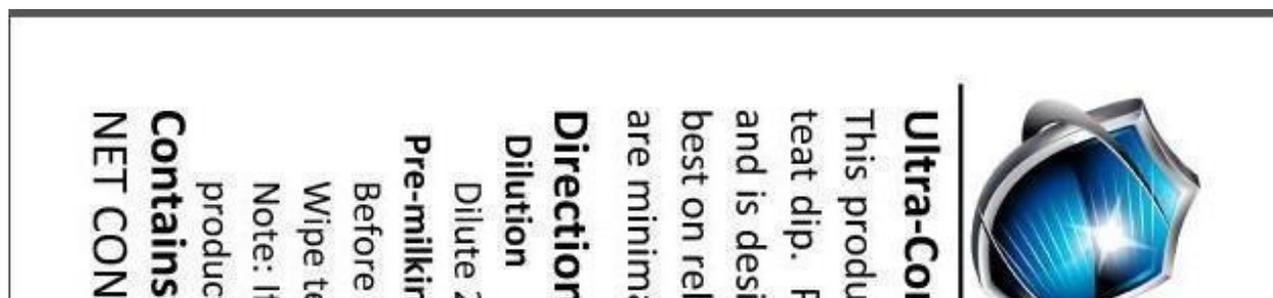

IF ON SKIN: Wash with plenty of water.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
