

REVITOL ACNE TREATMENT- benzoyl peroxide cream

Revitol Corporation

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts:

Active Ingredient.....Purpose:

Benzoyl Peroxide 5%.....Acne Medication

Use:

For the treatment of acne.

Warnings:

For external use only.

Do not use

if you have sensitive skin or are sensitive to benzoyl peroxide.

When using this product:

- Avoid unnecessary sun exposure and use sunscreen.
- Keep away from eyes, lips and mouth areas.
- Using other topical acne drug at the same time or right after may increase dryness or irritation of skin. If this occurs, only one medication should be used unless directed by a doctor.
- Irritation may develop, such as redness, burning, itching, peeling or possibly swelling.
- It may bleach hair or dye fabrics.

Stop use and ask a doctor if

irritation becomes severe and continues

Keep out of reach of children.

if swallowed, get medical help or contact a Poison Control Center right away.

Directions:

- Cleanse the skin thoroughly before applying medication
- Cover the entire affected area with a thin layer one to three times a day
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome drying or peeling occurs, reduce application to once a day or every other day.
- If going outside, use a sunscreen. Allow Acne Treatment Cream to dry, then follow directions in sunscreen labeling if sensitivity develops, discontinue use of both products and ask a doctor.
